FUTURE READY COMMUNITIES

International Conference & Exhibition

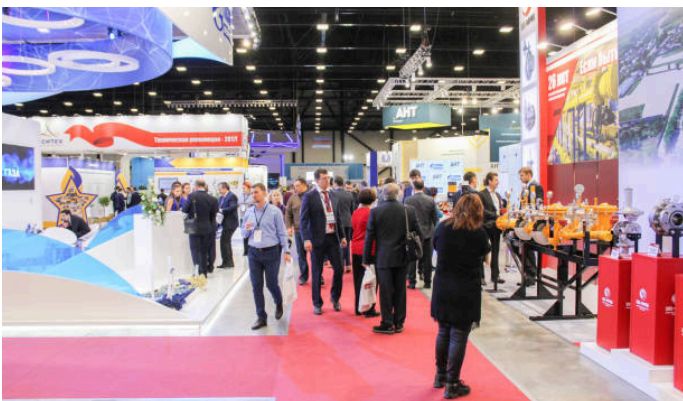

Smart City Expo Miami® 2024 is produced by Smart Cities Americas LLC, a Florida Corporation, in partnership with the Miami Dade College. The event will take place at the **Wolfson Campus - MDC** bringing Miami to the forefront of innovation in urban solutions with sustainability.

Representatives from cities, countries, local, national and international technical bodies, non-governmental organizations, corporations, startups and entrepreneurs are invited to participate.

This meeting is for the best minds of urbanism and technology, interacting with the local community, raising awareness to the importance of urban planning, along with empowering citizens and communities.

Join us... So more smart people can start planning for a smarter future city.
